Part A: Pupil premium strategy plan

Statement of intent

At St Aidan's, we aim to nurture and develop the whole child to enable them to be well rounded individuals who can contribute to the wider society. The quality of teaching across the whole school is at least good with increasing areas of outstanding teaching for all pupils regardless of starting point or individual need. With the high level of deprivation in the surrounding areas along with the housing difficulties we strive to ensure that all PP pupils have access to the same opportunities as their peers.

Our PP children make consistent steady progress at St Aidan's therefore our aim is to provide wider opportunities so these pupils excel in all areas developing the whole child. We will ensure that every pupil is given opportunities to participate in wider enrichment strategies to improve not only their attendance, confidence and readiness to learn but also their well-being.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	High levels of deprivation/housing difficulties within the local community creating a high turnover of pupils on roll
2	Lack of opportunities for cultural capital
3	The progress in reading following the pandemic.
4	High % of PP parents have EAL so struggle to support home learning.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Families feel supported by the school community and pastoral support that is offered.	PP pupils are equal to their peers, have self-esteem in themselves and a sense of belonging. Pupils are happy and able to thrive through the right provision and resources to meet their needs.
Additional needs of Pupil Premium children are clearly identified and addressed	As their SEND/EAL or additional need is being addressed, Pupil Premium pupils

	make expected progress or exceed their targets set for R, W and M.
By providing workshops and homework support clubs the parents are supported in supporting their child while developing their own literacy and numeracy skills. The use of Seesaw aids communication with home and school.	PP pupils are able to access home learning equal to their peers with the right support. Parents feel supported and can communicate easily with the school.
Extra-curricular opportunities	PP children have the opportunity to participate in clubs, music lessons and additional opportunities leading to improved confidence, attainment and better mental health.
Children are Immersed in wide and varied literature opportunities which supports accelerated progress and language development.	Accelerated progress across the school in reading because of the love for reading ethos creates active readers.
The school continues to develop the outdoor learning environment providing all pupils the opportunities to learn and develop in the outdoors. By pupils experiencing growing opportunities it promotes well-being and mental health along with sustainability.	Pupils have a good understanding of growing foods and making healthy choices. Pupils contribute to the wider environment and caring for the world around them.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Context: There were 43 children on the PP register. 9 of our PP children have SEN needs, with a further 16 on the EAL register. The focus last year was around two main priorities: To ensure that there is consistent inclusive provision for vulnerable groups across the school.	
Pupil Premium children were a focus for all staff on planning and through pupil progress tracking. PP children were a focus in interventions and targeted support where required and this included GD.	
Maintain the progress in R, W & M for all PP children.	19-20 – average point progress = 3.9 20-21 – average point progress = 7.3 21-22 – average point progress = 6.2 22-23 – average point progress = 5.8
Further increase the % of pupils achieving greater depth and increase the opportunity for challenge in all subjects.	19-20 – 1.5% R 20-21 – 14% R 21-22 – 12.1% R 22-23 – 25.8% R 19-20 – 0 W 20-21 – 10% W 21-22 – 13.8 W 22-23 – 6.0% W 19-20 – 0 M 20-21 – 21% M 21-22 – 30.4 M 22-23 – 12.6% M
